

ICAO

ONLINE COURSE

Conducting a Technical Assistance Visit to CAPSCA Member States and Airports

This online course aims to contribute to the ICAO Collaborative Arrangement for the Prevention and Management of Public Health Events in Civil Aviation (CAPSCA) programme by developing a critical mass of experts for the global implementation of ICAO Standards and Recommended Practices (SARPs) related to public health events and emergencies, and the WHO International Health Regulations (IHR 2005).

This online training will enable experts to become CAPSCA Technical Advisors by developing a standardised awareness and understanding of the methodology, aspects and requirements to assess and improve existing prevention infrastructure, and to propose measures to eliminate deficiencies in preparedness to Public Health emergencies.

Duration: 32 hrs

Course date: 22 June, 2020
